# Titan '86

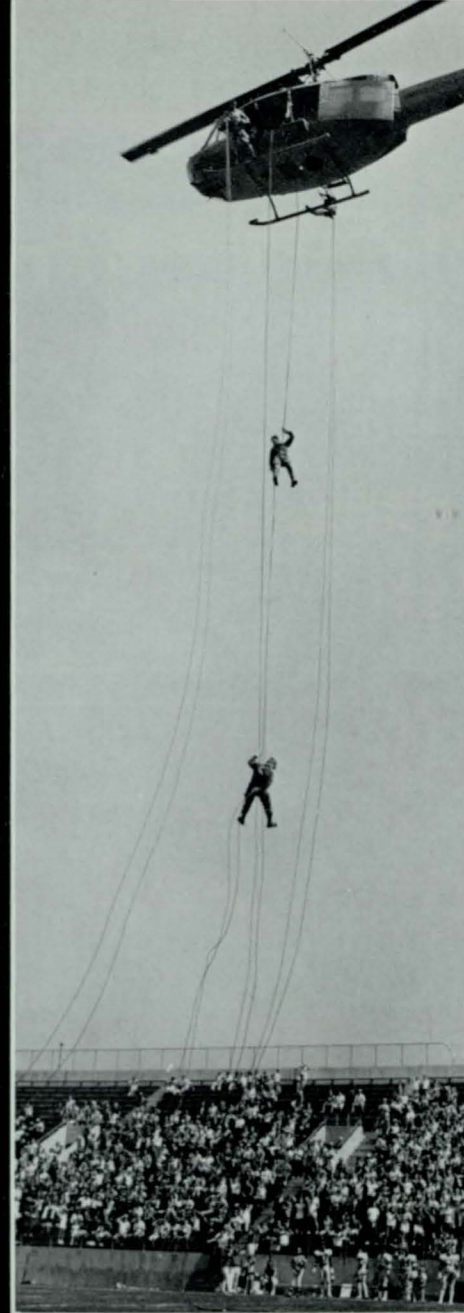

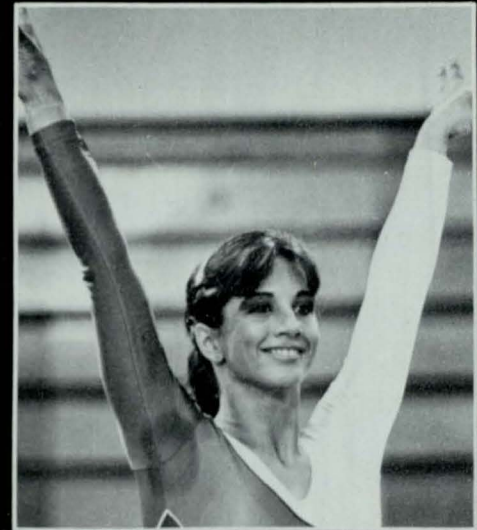

*What lies behind us  
and what lies before us  
are tiny matters compared  
to what lies within us.*  
—Emerson

**Titan '86**  
**California State University, Fullerton,**  
**92634**

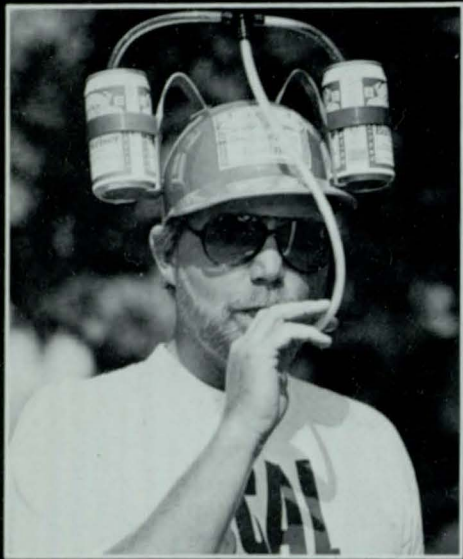

# SUCCESS

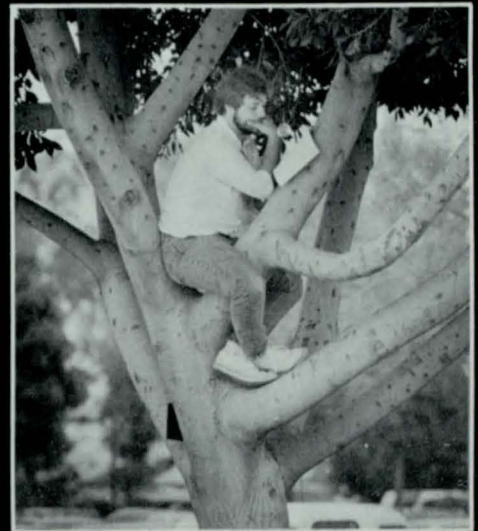

To laugh often and much  
 To win the respect of intelligent people  
 and the affection of children  
 To earn appreciation of honest critics and  
 endure the betrayal of false friends  
 To appreciate beauty  
 To find the best in others  
 To leave the world a bit better  
 whether by a healthy child,  
 a garden patch, or a redeemed social  
 condition  
 To know even one life has breathed easier  
 because you have lived,  
 This is to have succeeded.

-Emerson

# IN THIS WORLD

In this world we need to know how to survive  
Do not be afraid you must learn to be wise  
Accept yourself and express your point of view  
Never be afraid to display the real you  
In this changing world they may get torn apart  
To be your real self in this everyday race  
You will always merge with a smiling face.

-Unknown

## *To The 1986 Senior Class,*

**M**ay I, at this time, extend to you congratulations for the successful completion of your undergraduate career at Cal State Fullerton.

As you have studied, discussed, explored and assimilated literally hundreds of new concepts, theories and facts, you have contributed to the spirit, strength and vitality of our campus. You will, I'm sure, continue to contribute your talents to society as you apply the knowledge and wisdom you have acquired while at CSUF. To have achieved your academic goals during the past years you have exercised discipline and energy. May you sustain the disciplined commitment and focused energy of your CSUF years in the future as you tackle new projects.

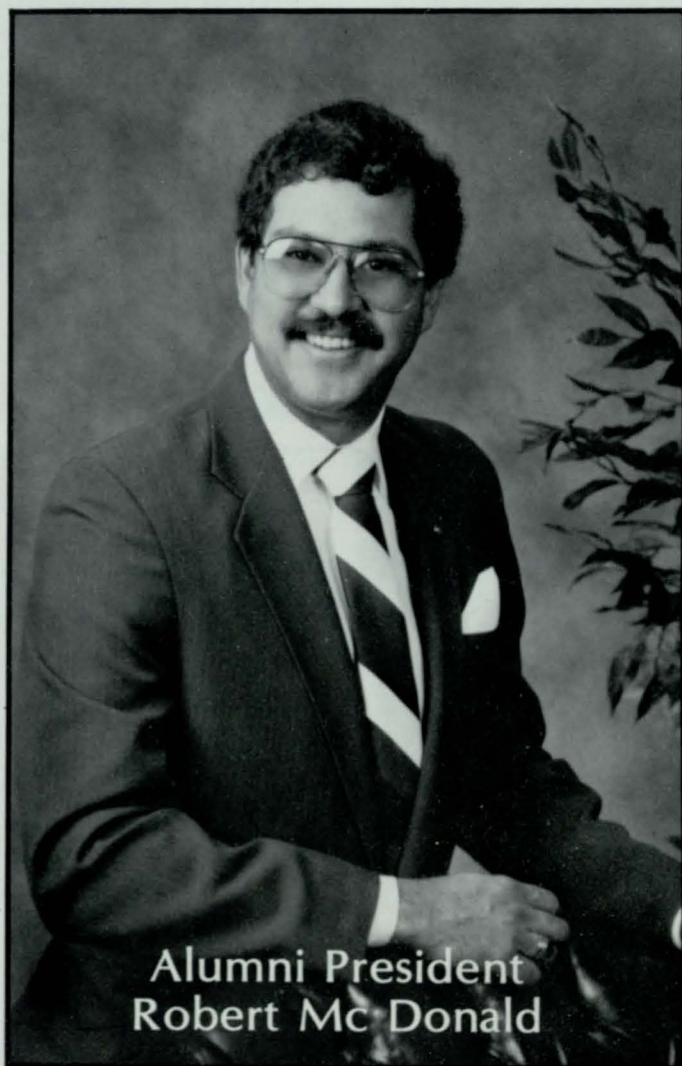

The years you have spent at CSUF have been years of maturation, acquisition of knowledge and accumulation of wisdom. We know that you have received a strong foundation on which to build your future career, whether your interests lie in the arts, the humanities, the sciences or the professions such as business, teaching or engineering. You have a bright future ahead of you. I wish you good luck to add to your knowledge and skills.

We look forward to keeping in close contact with you, an important person- an alumnus of the university.

**CSUF President  
Jewel Plummer Cobb**

**Alumni President  
Robert Mc Donald**

**A**s president of the Conference of CSUF Alumni, I would like to extend a hardy "Job well done" for earning your degree from CSUF. Hopefully, your hours spent working toward your degree were rewarding and enlightening.

I also would like to welcome you into the Conference of CSUF Alumni, you are automatically a member upon graduation. The alumni organization has maintained a theme of "Visibility, Credibility, and Loyalty" all year. We encourage you to get involved with us and keep the enthusiastic momentum moving forward.

In 1983 we formed the Conference with representation from each school: HDCS, SOTA, H&SS, SBAE and MSE. Each school council of alumni explores new avenues and sponsors activities to support its school. The council presidents and five appointed at — large alumni sit on the Executive Council. This board considers the broad scope of issues that encompass the university and community. Your support and participation are important. Consider involvement in the Physical Education Wall of Fame, Math and Science seminars, Business luncheons, School of the Arts, Dinners for 12 strangers, H&SS political activity, to mention just a few possibilities. Your professional, social or leisure needs can be sought, matched and maintained with the alumni association.

During the next year, several university wide alumni events are scheduled: One — in — a — Million Campaign, AlumNET Career Fair, Legislative Day in Sacramento, Alumni Annual Meeting, and, of course, Homecoming. As a member of the alumni organization you can attend these events.

You also retain many of the privileges granted to students, among which are use of the library and recreational facilities, as well as the reduced or group rates for a variety of campus events. We will keep you informed about university activities through our quarterly newsletter, *Titan News*.

Good luck in your future endeavors. CSUF Titan Pride is alive and well! We wish you the best. Remember — TITANS TAKE CARE OF TITANS!

# School Of The Arts

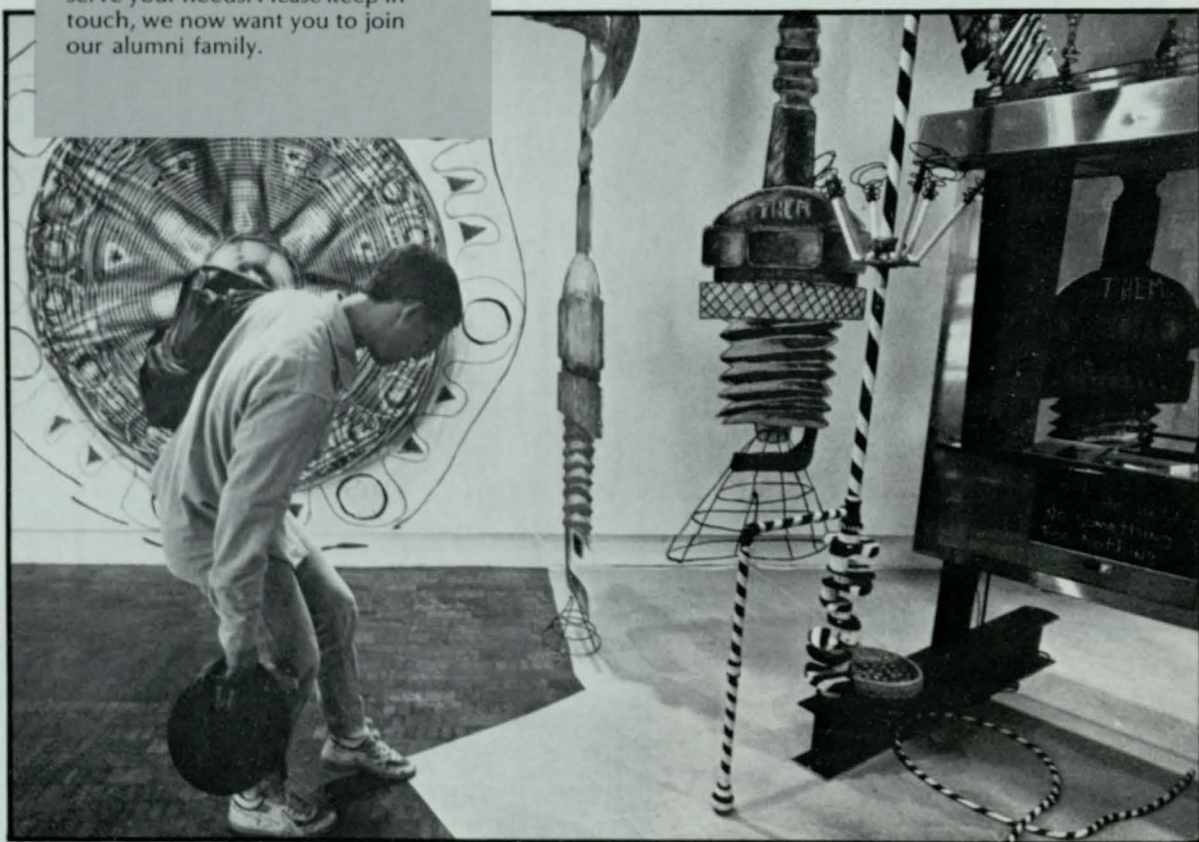

**G**raduation is a time of joy for you and your family. On behalf of your extended family, the faculty and staff of the School of the Arts, I offer to you our very best wishes for continued success in your arts endeavors in the future.

Orange County is alive with creative activity in Music, Art, Theatre and Dance and we all will celebrate the opening of the Performing Arts Center as a very special signal that a new era in the arts is about to begin in Orange County. I know that as a graduate of the School you will become active members of the arts community and we will look forward to seeing your professional success.

Through the school alumni council we hope to continue to serve your needs. Please keep in touch, we now want you to join our alumni family.

Dean Jerry Samuelson

Congratulations on completing an important step in your professional education. You should now be academically prepared for a lifetime of learning and the faculty and staff of the School of Business Administration and Economics applaud your achievements.

I hope you will always consider your School as an important resource throughout your life, and remember that faculty and staff will be available to help you. I hope, too, that you will help the School by becoming involved in the School Council of Alumni. Our Alumni Council is an enthusiastic and supportive group which has a strong commitment to students and alumni alike. Continued involvement in the educational environment will enrich your life.

I celebrate your academic achievements and wish you much success in your personal and career goals.

If there is only one attitude that I hope that you, as graduates of the School of Human Development and Community Service, would exhibit in your careers, that attitude would be one of caring professionalism. The caring professional is a person who treats people as people, not a machine who treats people like things. He or she is one who is knowledgeable both technically and theoretically, understanding and being able to explain not just what to do, but how to do it and why it was done. The caring professional is responsible to the needs of the profession itself, including the need to attract the best persons as professional colleagues. Caring professionals seek new and better ways to serve; they treat the profession as something they become, not just as jobs they do. Integrity and a constant pursuit of excellence in practice are hallmarks of the caring professional. Active pursuit of continuing professional renewal and growth are seen as essential.

As you continue your careers and grow in ability, you will learn things that would help us here at CSUF achieve our goals as caring professionals to continually improve our programs. We expect and welcome your advice. We seek and we need your support. We look forward to a relationship with you as colleagues with mutual interests and concerns.

# School Of Humanities And Social Sciences

**O**n behalf of the faculty and staff of the School of Humanities and Social Sciences, I offer sincere congratulations to you, the 1986 graduates of California State University, Fullerton.

Whether you majored in one of the Humanities and Social Science disciplines, took general Education classes in our departments, or merely sampled an elective from among the rich curricular offerings of the school, I trust you have benefited from your association with us. However, now is probably not the best time for you to assess the extent of that benefit. The increased breadth of understanding, critical thinking ability and value orientation that are the hallmarks of liberal learning are not always discernable at graduation. Rather, as people make significant life choices, the influence of this type of learning becomes more evident.

It should be obvious that no college curriculum can teach you all you need to know. It is far more important that during your time here you have learned how to learn and have come to appreciate both the process of learning and the sense of personal fulfillment that comes from applying it. More than mastery of any collection of facts, these things will make you recognizable as a truly educated person.

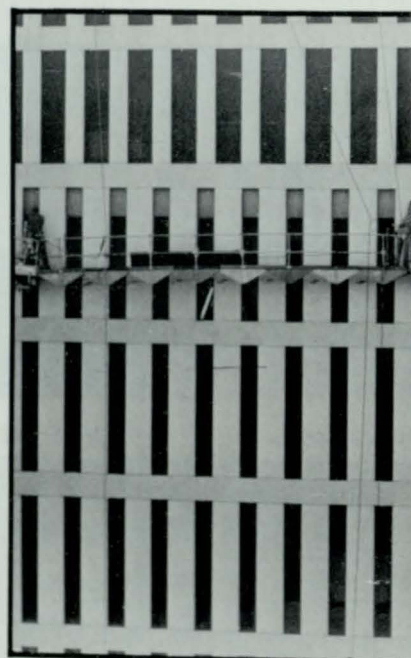

From all of us, I extend the very best wishes for a life marked by good choices and for the success and fulfillment that come from them.

Dean Don A.  
Schweitzer

When asked what learning was the most necessary, he said, "Not to unlearn what you have learned..." -Socrates

The Humanities building underwent a transformation with the replacement of new window panes as well as a fresh new coat of paint.

The Afro-ethnic studies class enlightened many students as racial issues including the practice of apartheid surfaced among discussions.

Congratulations on successfully completing this stage of what I hope will be your continued education and personal and professional growth. You can be proud of what you have achieved and we are proud to have you as alumni of our School.

Graduation marks the step forward from a period in your life when you were learning new skills and abilities, to a period when our society will ask you to use your skills with sensitivity and sophistication to shape the ways in which technology affects all of us in our global village. Each difficult question that you successfully answer, each problem that you successfully resolve, each professional goal that you achieve reflects directly on those of us who helped prepare you for this next step. We are confident that your abilities and the education that you have received at Cal State University, Fullerton will allow you to meet this challenge with imagination and wisdom.

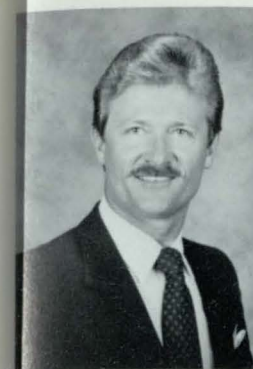

All of us who are affected affiliated with the School and the university wish you every success in life. While you have been at this university you have helped us to succeed by asking hard questions and demanding that we meet your expectations. As you leave us, we hope you will remember your experiences at Fullerton as positive ones, and find that they give you support in your continued growth as you embark on the next step toward the future.

# SPORTS

# TITAN FOOTBALL

## Players Tackle Tough Season

The 1984 Titan season ended with a Top 20 appearance. In 1985 however, the Titans finished with a 6-5 overall record.

CSUF began the season by losing at the University of Montana, a Division I — AA team which finished 3-8. It started the downhill slide which the Titans lost with a combined score of 61-11.

CSUF went on to split the first four PCAA games before coming back to win the final four games.

According to Gene Murphy, the team was young and the new members didn't know how to play and the returning veterans were falling back on last years success.

Even so, some key performances were seen through the season. Freshman quarterback Tony Dill brought out the wins for the Titans during the final four games.

Other outstanding players were Mark Collins, Sean Foy, Mark Stephenson, Dave Martinez, and Ricky Calhoun, all first team all — PCAA selections. Collins was drafted by New York and James Pruitt went to the Miami Dolphins. Cron Redick was selected by the Philadelphia Eagles, Hank Gobel by the Los Angeles Rams, and Wade Lockett was signed as a free agent with the St. Louis Cardinals.

# TITAN GYMNASTICS

## Gymnasts Vault Another Good Season

The 1986 season was a disappointment for the men's gymnastics team, as they failed to qualify for the NCAA Championships and finished 5-18 overall, with a sixth-place finish at the Pacific 10 Invitational in Tempe, Ariz.

In 1985, the Titans had a season record of 23-9 as they finished ninth at the NCAA Championships, but this feat, unfortunately was not repeated.

A key performer for the Titans was Russell Lacy, who specialized in the vault and the floor exercise. Lacy finished sixth (9.5) in the vault and seventh

(9.45) in the floor exercise at the qualifying meet.

Another Titan leader was junior Sam Tribble, who scored a 9.4 at the Pac-10 meet, but failed to finish in the top 10.

The Titans went into the qualifying meet optimistically after fairing well against UCLA and Arizona State in earlier meets, and after defeating Cal in a close meet on February 29.

However, the optimism didn't pull the Titans through the meet, and the Titans didn't qualify for the Championships.

## All American Champs Of NCAA Western Regionals

The chance of success for the 1986 women's gymnastics team seemed unsure. Coach Lynn Rogers had lost several members from the team, including Roni Barrios who had undergone knee surgery and didn't plan on returning to the team.

But Barrios decided to return and along with All-American athletes Taunia Rogers and Rami Elliott, who brought the Titans a fifth-place overall finish in the NCAA Championships.

The Titan team consisted of well rounded athletes who excelled in all events and won the NCAA Western Regionals with a score of 188.45, a record performance.

The fifth place finish in the NCAA championships was not bad, but after the win in the West Regionals, Rogers had expected a better outcome.

However, Elliott came away with All-American awards at the nationals in the balance beam, the uneven bars and the all-around competition. Elliott, with 10 All-Americans, holds the record for the most All-American awards. Rogers received an All-American award in the floor exercises, and had top scores in each event during the season.

# TITAN BASKETBALL

## Men Persevere

The Titans looked like definite PCAA contenders with an impressive 7-3 start, downing Texas Tech and Loyola Marymount who went on to win the Southwest Conference Tournament and upset Cal in the first round of the National Invitational Tournament, respectively.

But, then came the trip to Portland University, the Titans were forced to play a day early, and lost not only their point — guard, Kevin Henderson with a

fractured bone in his right foot, (their top player), the game, but also their coach, George Mc Quarn who announced his resignation effective the end of the season.

Coach McQuarn, however, after an outpouring of support, decided to stay with the Titans, and even got the satisfaction of beating UC Irvine three times extending the Titans lead over the Anteaters to six in a row.

## Women Make Great Comeback

Titan women's basketball started not only a new season, but a new era with the addition of Maralyce Jeremiah as head coach.

With only senior guard Robin Holmes returning, Jeremiah inherited a young team, which managed to finish third place overall in the Pacific Coast Athletic Association with an 8-6 record and 11-18 overall.

The Titans got off to a slow start, winning only one of their first 10 games, but rebounded to win 10 out of 19, including a victory over the University of Hawaii in the first round of the PCAA tournament. The

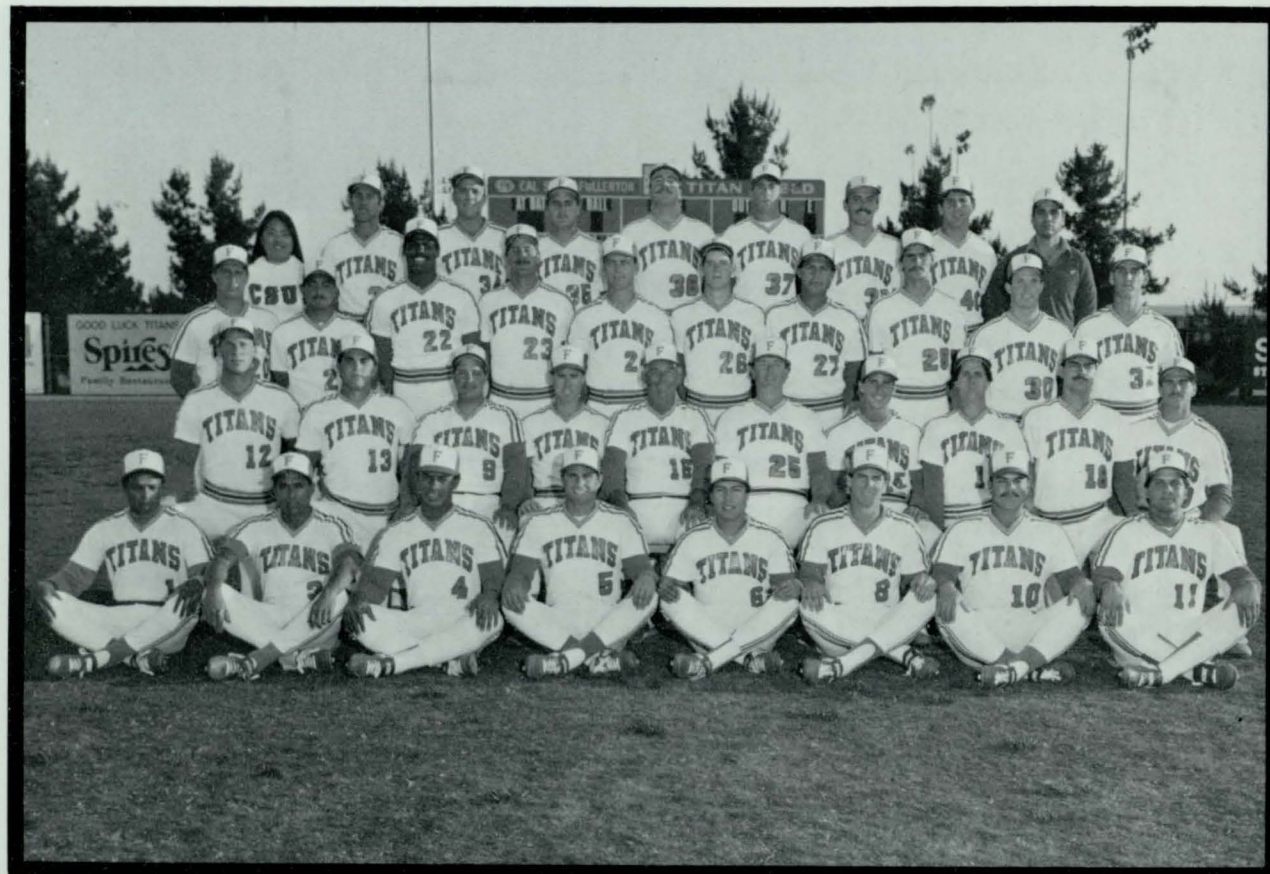

season came to an end however when they were defeated by the University of Las Vegas Nevada in the second round of play.

According to Jeremiah, finishing third was a success, because no one picked them to finish that well.

Key players included Holmes, with a 21 point average, Alayna McGee, who was second in scoring and third in rebounds, and freshman Stacy Hunt who emerged as the Titans' "spot shooter", according to Jeremiah.

# TITAN BASEBALL

## Still Near The Top

The Titan baseball team ended its season 36-21 overall and 12-9 in conference play, in a third place tie with Fresno State.

However, for the Titans, it was the series with University of Nevada Las Vegas in the second week of NCAA play that cost the Titans a playoff bid.

After a three-game sweep of Long Beach State, and the Titans were ahead, 6-2, with two outs in the ninth inning.

Back to back infield throwing errors, along with a grand slam, added up to eight unearned runs and a 10-6 Rebel victory.

According to coach Augie Garrido, the Titans never recovered from that series sweep, even though it was only the second week of the PCAA season.

"We came out ready for that series . . . That eighth inning, when the roof fell in, that was the knockout punch", Garrido said.

Catcher John Eccles, Titan catcher lead the way, when the Titans were playing well. Other outstanding Titans included Jef Garcia, Keith Watkins, and the two left-handers, Larry Casian and Mike Belanger.

# TITAN SOFTBALL

## College Softball World Series Champs

The Cal State Fullerton softball team had tasted victory, but had come up short two times before in the Softball College World Series.

This time, however, the Titans went to Omaha, Neb., and won the title with a 3-0 victory over Texas A&M, as the Titans swept the series five games.

Connie Clark and Susan LeFebvre gave up only one run and eight hits in the five games.

The Titans breezed through its first season in the PCAA and had the conference title all but wrapped up with a 22-5-1 league record, and finished four

games ahead of second-place Long Beach State.

The Titans then went on to sweep conference rival, Cal Poly Pomona and then went extra innings to beat CSULB 1-0 in the first round of the World Series.

Outstanding performances were had by Susan LeFebvre and Chenita Rogers; who both received first-team All American honors. Others were junior college transfer Connie Clark, pitcher, and designated hitter Chais Monroe.

# TITAN SOCCER

## Third Place Victory

Coach Al Mistri may soon see his goal of establishing the Titans as West Coast powers in mens soccer realized if the third place finish in the 1985 season is an indicator of the Titans strengths.

The Titans finished the 1985 season with a conference record of three wins, two losses, and one tie. That brings the overall record, under Coach Mistri, to 44-27-11, since 1981.

Key performers this season included senior forward Rich Davies, who ranked in the top 10 in PCAA scorers with 15 goals. Davies lead the Titans' in

scoring for the second year in a row.

Junior midfielder Reid Thibodeau, another key performer lead the conference with nine assists in 20 games.

Senior forward Giulio Gnaulati was second on the team with seven assists, and finished near the top of the scoring list.

The Titans' goal was tended by junior Bobby Ammann, who finished the season as the fourth — ranked goalie in the PCAA. He allowed only 25 goals in 20 games.

# TITAN VOLLEYBALL

## Champions Of Northwest Classic

If one had looked at the pre-conference record of the Titan womens' volleyball team, they would have placed the Titans as contenders in the conference. But statistics and pre-conference records can deceive.

For the second straight year, the Titans have had problems in conference play, with a 1-15 Pacific Coast Athletic Association record and an overall mark of 9-26.

CSUF won seven out of its first 10 games, which included the championship in the Northwest Classic at the University Of Idaho. But the Titans couldn't

hold onto the streak and ended up losing 22 out of 24 matches, including a 12 game losing streak.

Coach Fran Cummings stated that the records were deceiving, and that the Titans had some tough matches, and were not blown out.

Key players for the Titans this season were Joan McGhee who lead the team with 301 kills, 283 digs and was fourth in service aces (23).

Another key player was Jackie Bougie, a two time all-conference player who was second on the team in aces, and lead the team as the setter.

# Greeks

## Contagious Spirit

Although in the past, sororities and fraternities didn't arouse the interest of the majority of State Fullerton students, now more than ever Greek life has grown more popular. They have taken an active part in campus activities, such as Homecoming, the Titan Springfest, sports events as well as raising money for charitable causes.

For example, the sorority held their annual rockingchair marathon, where members would rock the night away in hopes of raising funds for the less fortunate.

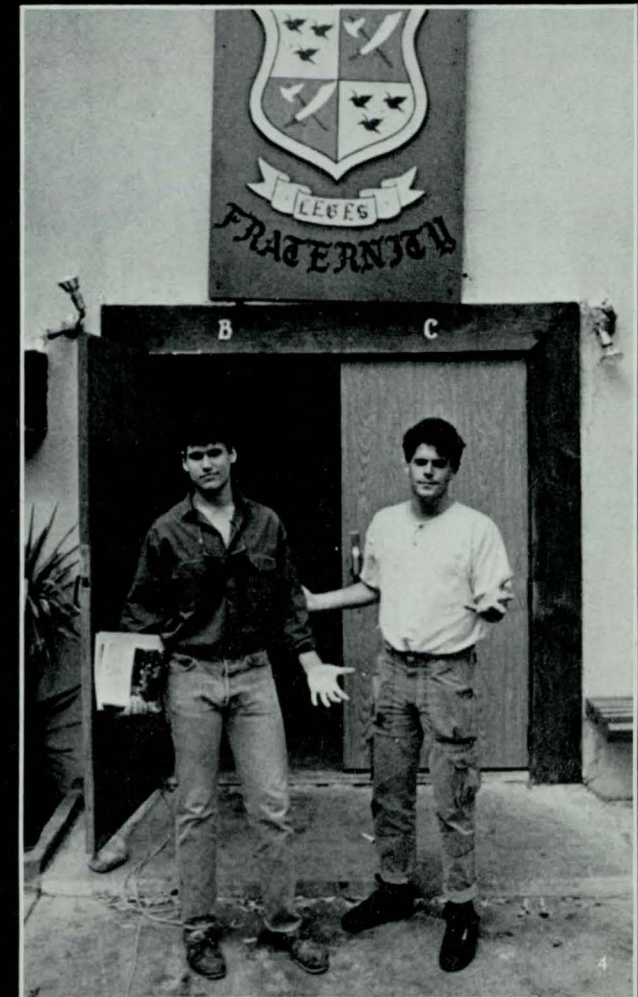

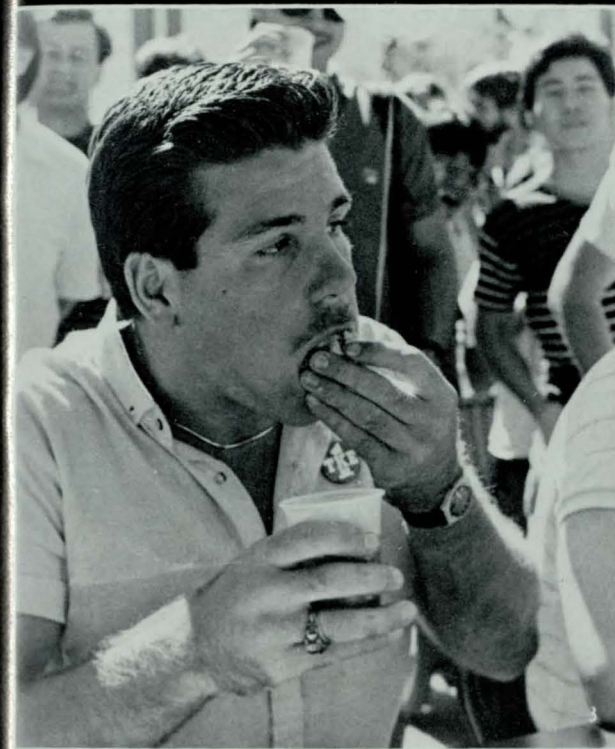

All of the campus sororities and fraternities gathered in the spring competing in games ranging from tug-of-war, to hamburger eating contests during Greek Week.

The Greek involvement at CSUF exemplifies a contagious spirit that will hopefully spread throughout every nook of the CSUF community.

1. Greek week led to stuffed stomachs for some competitive fraternity members, as they engaged in an all — out hamburger eating contest.
2. All smiles as Delta Zeta members rock through the night in front of the book store to raise charity money.

1

3. One last hamburger washed down with the official Greek-drink, beer, provided this TKE with quite a satisfying lunch during "Greek Week".
4. After suspension from the University because of neighborhood complaints, Delta Chi brothers- Mark Maricich and Jim Boyd shrug in disappointment.
5. A Friday night at the SAE house allowed sorority sisters Kristi Newmann and Jill Peterson to enjoy the festive evening.

## CSUF Organizations

1. Tracy Stotz troubleshoots numerous hurdles which face A.S. daily; she has definitely earned her "Ms. Executive", title.
2. Vice-president Dave Song ponders a pertinent question brought up at one of A.S.'s Tuesday 12:00 meetings.
3. Students were bombarded with flyers during the week of A.S. elections. Here Ira Unterman urges his fellow students to please vote.

# Associated Students

## Ability In Action

Once again the Associated Students, Inc. showed their outstanding abilities to perform unselfishly, fortuitously and with tremendous spirit this year as they kicked off the first annual Titan Springfest, raised money for Camp Titan and planned a number of successful activities for the entire student body.

Positions on the board are both influential and impressive for students to possess, so they actively campaign for these positions in hopes of acquiring a seat.

4. Unity and happiness make the image a successful one as A.S. passes for their official group shot.
5. Contestants for the A.S. presidency and vice-presidency thoughtfully answered students' questions at the debate held in the quad.

---

# Crossing Cultures

---

The display of worldwide cultures enhanced our campus as students from every end of the globe shared their culture through fashion shows, concerts, dances, and art. Through these many exchanges students acquired knowledge by the valuable method of experience.

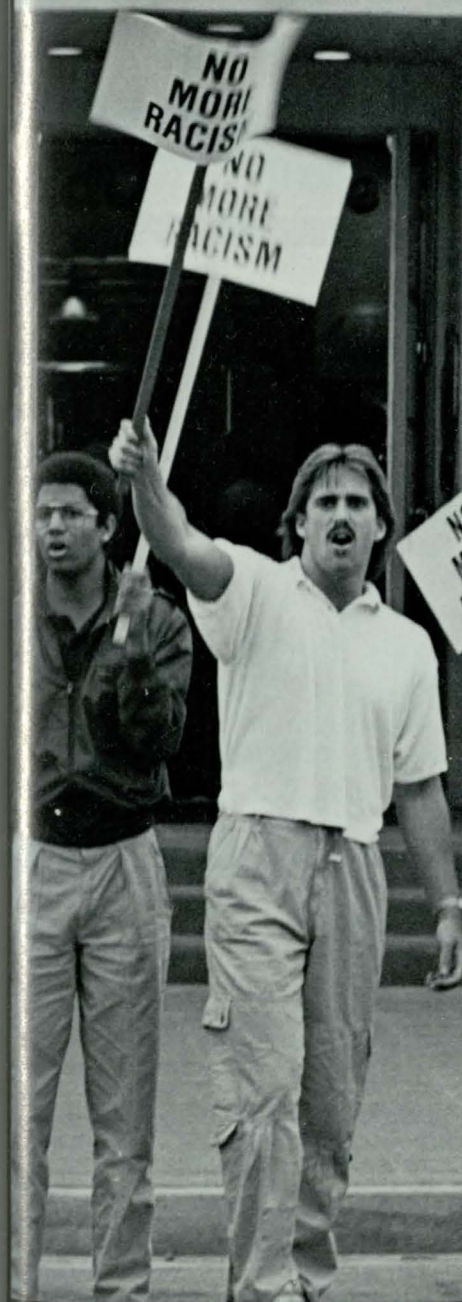

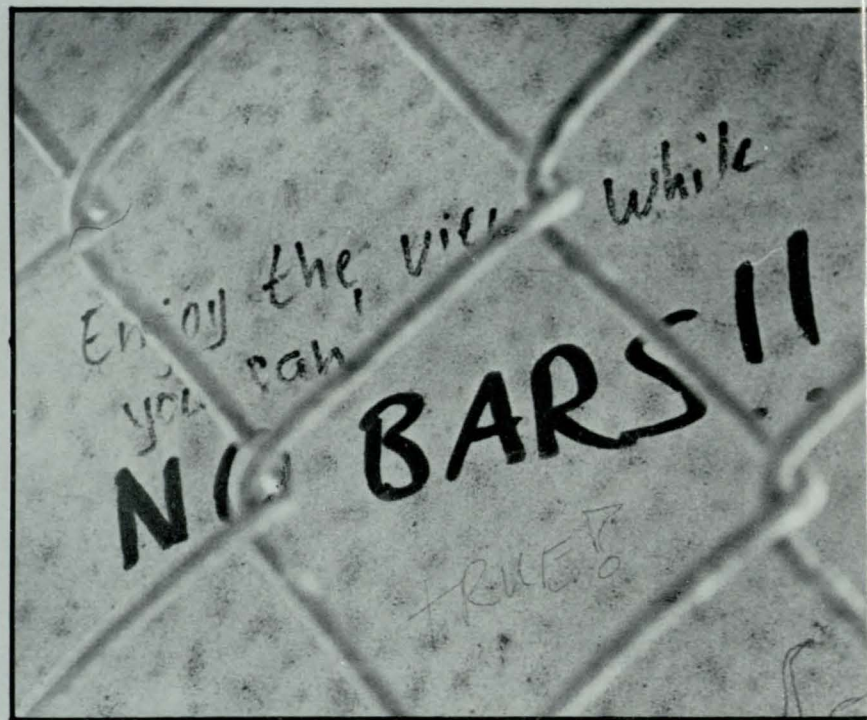

## YEARLY NEWS

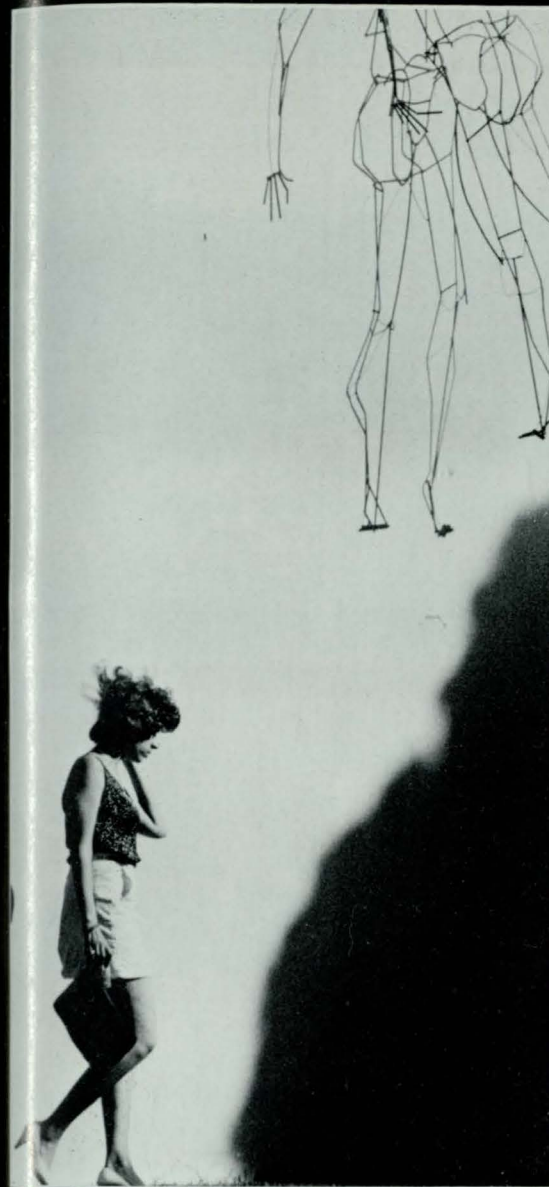

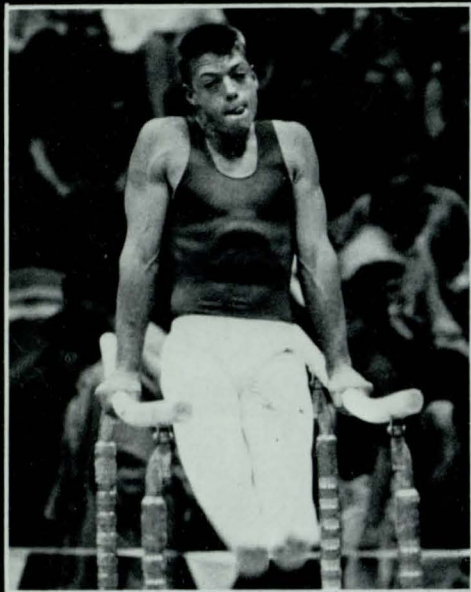

A wide range of events provided CSUF with an exciting atmosphere as the Daily Titan headlined topics from murder trials of Richard Smith, (pictured with his lawyer, Gary Proctor) to the opening of a quaint on-campus cafe called "Salad Daze." Other major happenings include the building of barriers on the Humanities Building's balconies because of the number of suicides committed from them in the past few years. Also, a memorial art sculpture decorated the performing arts lawn as it was created as a tribute to CSUF's late professors and students.

Controversy swept CSUF as Racism was actively protested through demonstrations held both on-campus and at local restaurants, in hopes to eliminate the practice of racial discrimination.

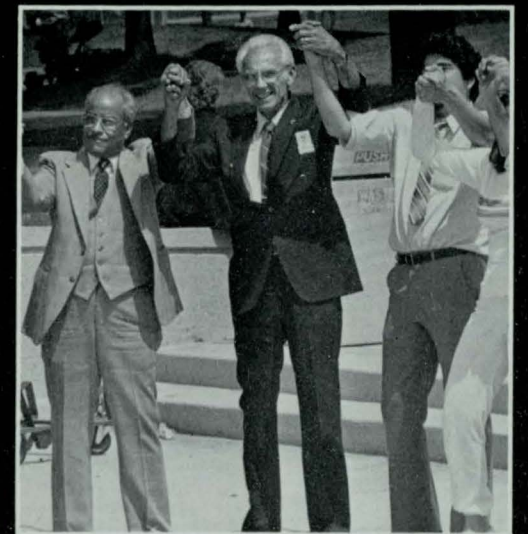

Celebration, cotton candy and carnival madness helped to end the year brightly as the first annual "Titanfest" kicked off three days of a festival that involved the entire Fullerton community.

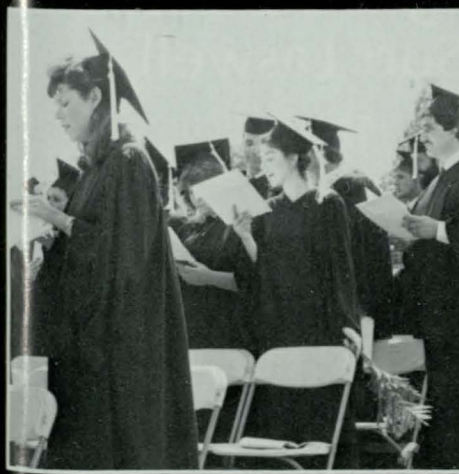

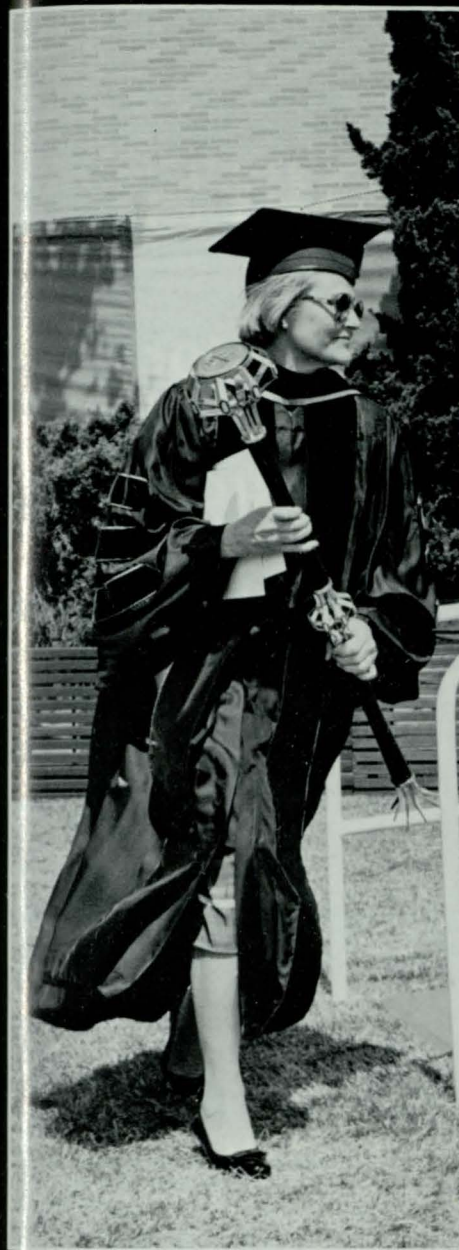

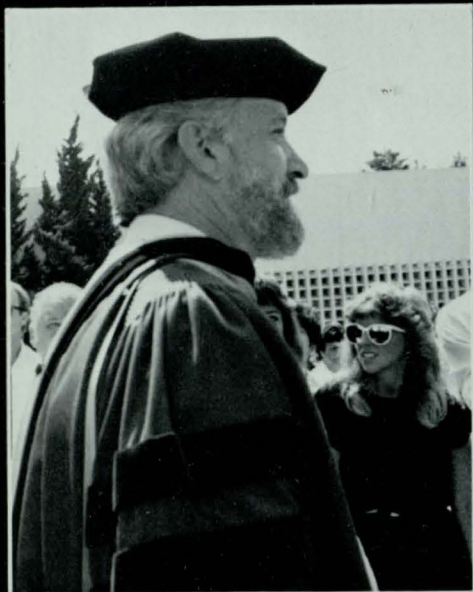

# TOGETHER

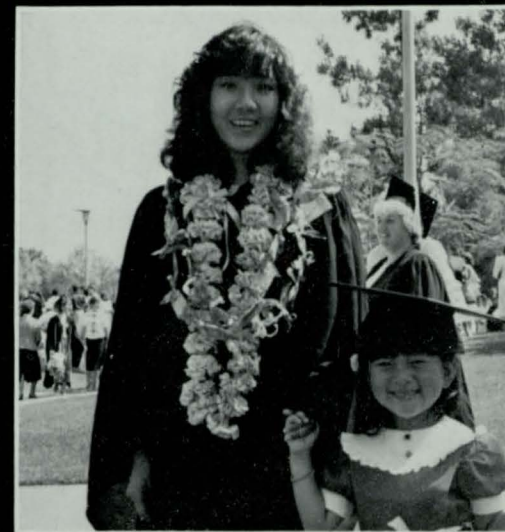

Live hand in hand  
and together we'll stand  
on a threshold of a dream.

— Moody Blues

## TIME IT WAS

And what a time it was  
It was ...  
A time of innocence  
A time of confidences  
Long ago it must be ...  
I have a photograph  
Reserve your memories:  
They're all that's left of you.

— Paul Simon
